Apply now as

Senior Software Developer* Web Applications (SAP UI5)

 Heidelberg / Hamburg  From now on

*We focus on talent, not gender

It is your goal to help shape innovative UIs. You are willing to take on responsibility and to take on exciting challenges. You have experience and are waiting for your chance to improve SAP User Experience sustainably. We give you the opportunity!

What we offer

- Technical management of projects
- Development of technical concepts
- Definition and coordination of work packages
- Close coordination with the customer and project management
- Development and realization of customer-specific requirements
- Instructing colleagues
- Coordination of international project teams

What to expect at sovanta

- Flat hierarchies and fast processes
- Flexible working hours
- Possibility to work from home
- Mentoring, coaching and knowledge transfer
- Individual further training opportunities
- Modern IT equipment as required
- Regular company events
- Job Ticket, very good transport connections, free parking in central location and much more

What we are looking for

- Several years of experience in development with SAP UI5
- Holistic understanding of the SAP world and the interest to continuously accompany and shape it
- Willingness to learn and apply new topics such as SAP Cloud Plattform, SAP SuccessFactors or other innovative solutions
- Extensive knowledge of SAP Fiori and the Fiori design principles is of advantage
- Good knowledge of German and English
- Customer-oriented action & thinking

Sounds interesting?

We are looking forward to receiving your application to
